Armistice Day Is Honored In Program Here

**Dr. A. E. Erling, Kenosha
Legion Commander,
Gives Address**

The significance of Armistice Day in the light of present world conditions was touched upon by Dr. A. E. Erling, commander of Kenosha American Legion Post No. 21, as principal speaker at Antioch's annual Armistice Memorial service, held this afternoon at 2 o'clock in the high school auditorium.

The gymnasium was filled by more than 400 persons attending, including adults and high school and grade school students.

The program for the maintenance of peace adopted by the American Legion at its recent national convention was stressed by Dr. Erling in his talk.

This program, he recalled to his listeners, included a request that Congress and the president remain in session until all danger of the United States being embroiled in the present controversy has passed.

He also emphasized the Legion's "preparedness" program, which advocates that the army, navy and national guard be brought to full peace-time strength; that the navy be kept on a parity with those of other powers, and that naval bases be maintained in such a way as to give maximum protection to American coastlines.

The Legion is especially interested in the welfare of the young people of America and in the upholding of American ideals among them, Dr. Erling said, touching upon the Legion's rehabilitation work among veterans and veterans' widows and orphans.

He also urged that all young folks taking part in Armistice Day programs be encouraged, not to think of war as a glorified spectacle, but that they rather think of the day as a time when respect is paid to those who have died to uphold American ideals.

The program opened with patriotic selections by the high school band, followed with the advancing of the colors, under the charge of Clarence J. White, commander of the Antioch Legion. The Legion, Legion Auxiliary, and Sons of the Legion took part in this ceremonial.

The entire gathering took part in the singing of "America" and the "Pledge of Allegiance to the Flag."

The invocation, given by the Rev. W. C. Henslee, pastor of the Antioch Methodist church was followed with introductions under the charge of Otto S. Klass, Americanism officer of the Antioch Legion, and Adjutant John L. Horan, assisting Americanism officer.

The Rev. F. M. Flaherty, pastor of St. Peter's Catholic Church, spoke on "Patriotism as a Religious Duty."

Honor Gold Star Mother
Selections by the band prefaced Dr. Erling's address, which was followed with the presentation of the memorial bouquet to Mrs. Mary Mann, Gold Star mother. The presentation was made by Mrs. Thomas Burnette, Gold Star chairman of the Legion Auxiliary.

After the singing of "The Star Spangled Banner," a thirty-second silence ensued, while the audience faced east, in tribute to those who lost their lives in the World War.

The Rev. J. E. Charles, pastor of St. Ignatius Episcopal church, offered the closing prayer.

The retiring of colors and the sounding of "Taps" concluded the observance.

Sons of Legion to Install Officers Tonight

Officers of the Antioch Sons of the American Legion who are being installed this evening at a meeting in the St. Ignatius Guild hall include the following:

Squadron captain, John Horan, Jr.; first lieutenant, George Winfield; second lieutenant, Richard Truax; finance, Ward, and sergeant-at-arms, Jack Spaa.

Chaplain, James Atwood; adjutant, Orville Winfield; historian, Dudley Ward.

Clarence J. White, commander of the Antioch Legion post, is acting as installing officer, assisted by J. H. Message, chairman of the Sons of the Legion activity.

Refreshments and entertainment are to follow the installation. The event is open to Legionnaires and Legion Auxiliary members and their friends.

Mrs. Morris Pickus is a patient at St. Therese hospital, where she underwent an operation a few days ago.

Post Office, Banks to Observe Holiday

Since Armistice Day, Nov. 11, is a national holiday, the usual holiday hours will be observed at the Antioch post office Saturday, Postmaster James Horan announces.

There will be no delivery of mail on the rural routes. The post office will be open from 5:15 a. m. to 9:15 a. m. for the convenience of those who wish to call for their mail at that time.

Both the First National Bank of Antioch and the State Bank of Antioch will be closed.

There will be no school on Friday at Antioch Township High school. The Antioch Grade school will hold classes on Friday, however.

County Women's Club Meeting Is Attended by 100

**Federation Holds All-Day
Gathering Here; Mrs.
Blair Is Speaker**

Women should take a stronger interest in managing their personal finances, well, Mrs. Lorraine L. Blair, well-known Chicago financial advisor, told the Lake County Federation of Women's Clubs at an all-day meeting held here Monday.

Insurance, investments, household and personal finances and budgeting are some of the financial matters in which women should be interested, Mrs. Blair said. Suggestions designed to serve as general guides in these matters were offered during her talk.

Everyone should make a will disposing of their personal effects, whether or not they have any other property to leave, the speaker asserted.

Luncheon for 100

Covers were laid for 100 at a luncheon served to the gathering at 12:15 o'clock in St. Peter's parish hall. Chrysanthemums were featured in the decorations.

Mrs. Blair's talk was given at the afternoon session.

During the morning period, Mrs. H. K. Linzell, of Long Lake, spoke on "New Books and Authors."

Mrs. Thomas F. Hunt, president of the Antioch club, gave the address of welcome. Acting as chairman of the hostess committee was Mrs. George Anzinger.

Special music during the afternoon was given by a girls' chorus from Antioch Township High school, under the direction of Hans Von Holwede.

Services Are Held For Mrs. McCann

**Widow of Thomas McCann
Dies at Her Home in
Lake Villa**

Funeral services were held this morning at 10:30 o'clock in St. Peter's church for Mrs. Catherine McCann, who died Monday at 12:50 p. m. in her home at Lake Villa. She had been ill for several weeks.

Mrs. McCann would have been 74 years old on Jan. 14, 1940. She was born in 1866, in Chicago, the daughter of the late James and Margaret Burns. Her husband, Thomas McCann, preceded her in death 11 years ago.

Survivors include a son, Robert, a rural mail carrier living in Lake Villa; two daughters, Miss Mary McCann, teacher in the Lincoln-McAlister school, Waukegan, and Mrs. Katherine Smith, Chicago, and six grandchildren. She is survived by a sister, Mrs. Mary B. Killian, Chicago, and a cousin, Mrs. Katherine Adams, of Lake Catherine, Antioch.

She had for the past 50 years lived in the same home in which her death occurred.

Burial was in Mt. Carmel cemetery.

To Exhibit Prize Steer In International Show

William Yucus, a Junior student enrolled in the vocational agriculture department of Antioch High school, has entered his prize shorthorn steer in the junior division at the International Livestock exposition.

The exposition is to be held in Chicago from Dec. 2 to Dec. 9.

The steer received first prize in both the junior and open sections of the Antioch Country fair last August. It is to be sold at auction during the exposition.

Rod and Gun Club Chooses Holz Leader

**Childers Is Named as New
Secretary-Treasurer
in Election**

R. G. Holz was elected president and R. H. Childers secretary-treasurer at a meeting of the Antioch Rod and Gun club held Wednesday evening in the High School auditorium.

Childers is past president of the organization and Dr. D. N. Deering is past secretary-treasurer.

A drive to increase membership is the next activity on the schedule of the club, in addition to its regular conservation program. Yearly dues in the organization are fifty cents, the sum raised being applied toward maintenance of the duck refuge at Lake Antioch, the feeding of pheasants during the winter and the feeding of ducks at the refuge, and other conservation activities. The club now has about 150 members. It is open to men, women and young people.

Skeet Range Planned

At the present time it hopes to establish a skeet or trap shooting range, for its members and for youths who would like to practice skeet shooting.

In a discussion of the value of the duck refuge at Lake Antioch, it was brought out that most sportsmen seem to approve of the refuge and feel that it has been valuable in encouraging ducks to linger in this vicinity. Sportsmen also expressed themselves in favor of seeing laws preventing the shooting of ducks in the vicinity of the refuge be enforced.

There has been something of a problem in the matter of hunters trespassing on private land at the north end of Grass lake, it was brought out. The club expressed itself in favor of the establishment of a definite boundary line for the guidance of hunters, and the enforcement of no-trespassing regulations.

Oppose Mudhen Shooting

That the early shooting of mudhens in Illinois, in advance of the regular duck season, has been a factor in scaring away ducks was the general consensus of opinion among club members. The club voted to enter a protest with the state against the early mudhen season.

In connection with discussion on the opening of the pheasant hunting season, strict observance to hunting rules and care to avoid shooting hen pheasants were urged.

The club has protested the state's temporary cessation of seining carp and other rough fish in the lakes around Antioch, and the report was made that seining will be resumed this winter.

A summary of conservation work the organization has done during the past year was given by Childers.

This included the liberation of pheasants and quail, the establishment of the duck refuge, the planting of fish in the lakes, the explaining and enforcement of hunting and trespass rules, and the feeding of wild fowl.

Red Cross Roll Call Committees Are Announced

**Mmes. Anzinger, Ward,
Bucholz and Hills Are
Antioch Workers**

Mmes. George Anzinger, Bert Bucholz, W. W. Ward and Walter Hills have been appointed as the Antioch committee for the annual Red Cross roll call.

The Lake Villa committee is headed by Mrs. William Marks, who is also acting as general chairman for the rural section of the Waukegan-North Chicago and the Northern Lake County Red Cross chapter.

The rural section is being made ready to open the annual drive Saturday.

Other Communities

The committees in the various communities include:

Fox Lake—Mrs. Howard Scott, Bell

Grange, Mrs. Helmer Carlson.

Ingleside—Mrs. Frank Valenta and

Mrs. Lohla Rushmore.

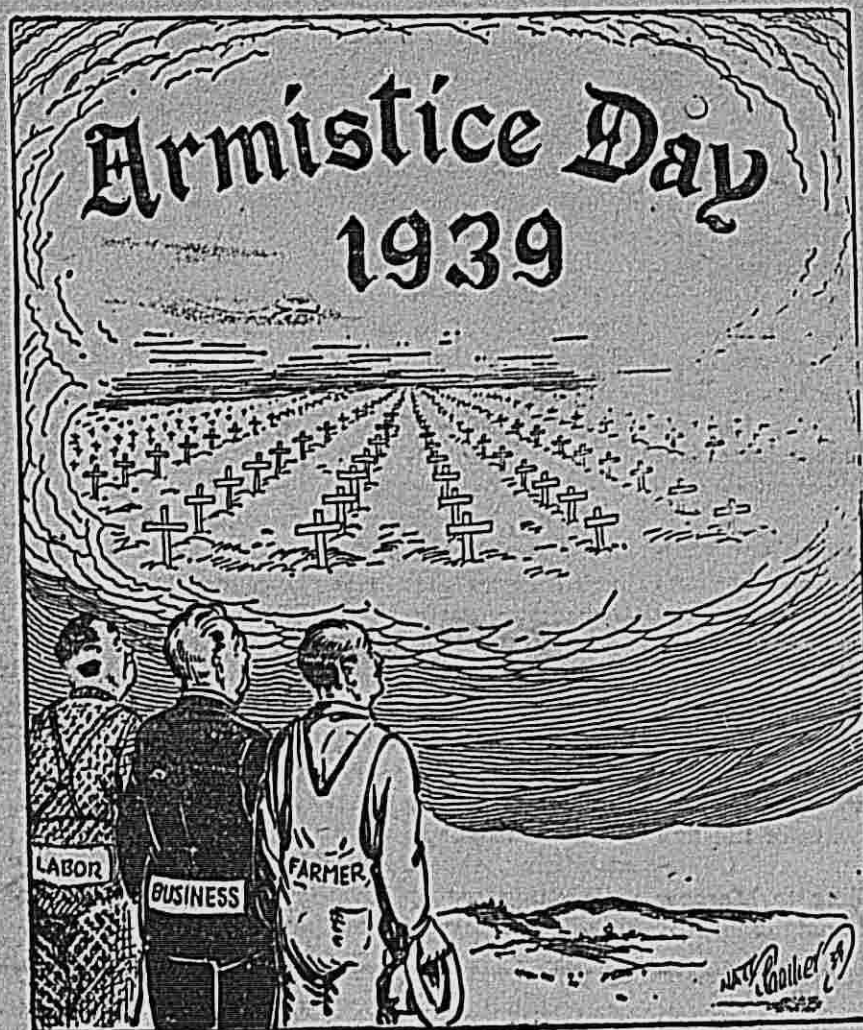

Grayslake—Mrs. Joseph Sikes.

Gurnee—Mrs. Howard Smith, Mrs.

Cole Ferry, Mrs. Norman Brown.

Round Lake—Claus Jung.

A TIMELY REMINDER

Annual Barrage On Pheasants Starts Tomorrow

**Season Lasts Ten Days;
Trapping Season Starts
Nov. 15**

The annual open season on pheasants in the northern Illinois zone opens tomorrow for a ten-day run, closing at sunset Nov. 19. Wardens have issued warnings to hunters regarding shooting hours, trespass laws and reminding them that the daily bag limit is two cock pheasants. Hen pheasants may not be taken.

Confusion regarding the hours for pheasant shooting has arisen due to the federal regulation on the shooting of migratory birds, however, pheasants are not migratory fowl and do not come under federal regulation. The hours are from sunrise to sunset, according to state law.

Many farmers and land owners in this locality are showing good sportsmanship by permitting hunting on their land upon payment of a small fee, generally from one to two dollars. This plan is approved by all true sportsmen, as it is the farmers who feed the birds and make the supply of pheasants plentiful in this locality. The plan also enables the landowners to keep more or less of a check on hunters and prevents their land from being over-run by too many hunters.

Trapping Starts Nov. 15

November 15 marks the opening of the trapping season in northern Illinois. From this date until Jan. 31, 1940, all fur bearing animals be taken, including fox, coon, skunk, muskrat and opossum, however, trappers in this region confine their efforts mainly to the trapping of muskrat, coon and mink.

Trapping licenses cost two dollars each which entitles the trapper to 25 tags for his traps. A trapper may buy as many licenses as he needs, each license entitling him to 25 trap tags. Land owners and tenants need no licenses to trap on their own land but they must remit 35 cents to the State Department of Conservation for 25 trap tags. If land owners or tenants want to use more than 25 traps, then a license must be bought for each additional 25 traps. Trapping licenses may be had locally from Village Clerk R. L. Murrie, who also supplies copies of the Conservation Department's regulations on trapping.

Betsey Message, Six, Suffers Broken Arm

Betsey Lillian Message, six-year-old daughter of Mr. and Mrs. Harry Message, 1008 Victoria street, suffered a broken arm in a fall down the basement stairs in her home Saturday afternoon.

The accident occurred at about 4 p. m., when the child, who had been playing out-of-doors, came in and started downstairs for an apple.

Her left arm was fractured just above the wrist.

Angelo Tackles, Antioch, and Chas. J. Munson, Barrington, were the drivers of automobiles that collided early Friday morning on Milwaukee avenue south of Buckley road.

Cottages at Crooked Lake Are Invaded by Prowlers

Household goods to the value of \$200 were reported stolen from the Joseph Wallner cottage at Crooked Lake some time last week.

The discovery that the cottage had been burglarized was made by Wallner on Saturday afternoon when he arrived from Chicago to spend the week-end at the lake.

A green silk bed spread, two cameras and a .32 caliber revolver were among the articles missing.

The burglars had gained entrance by breaking the lock from a door on the rear porch, and then prying open a window. The same prowlers were also believed to have entered two adjoining cottages.

Adding to reports on a wave of vandalism involving cottages at the lakes was a report made by Mrs. Viola Regner, Chicago, on Tuesday, that her summer home at Crooked lake had been broken into some time last week.

Mrs. Regner said the thieves stole some \$250 worth of furnishings. These included two radios, six Indian blankets, one woolen blanket, pillow cases and sheets, table linen and rugs.

Chicago Cubs Trainer Gives Baseball Talk

Interesting incidents in his career as a baseball player and trainer were given by Andy Lotshaw, famous trainer of the Chicago Cubs baseball team, in a talk given before the Antioch Masonic lodge and visitors to the number of about 90 Wednesday evening in the Masonic hall. The speaker also touched on the place football holds in the interests of the American public.

Forty members of the Chicago Masonic lodges accompanied Lotshaw to Antioch and were guests at the meeting.

Lotshaw is active in Masonic circles, being a member of the Perseverance Lodge No. 973, A. F. and A. M. He is a thirty-second degree Mason and an active worker in the Scottish Rite bodies of the Valley of Chicago.

Bears' Vice-President Attends
James McMillen of Antioch, vice-president of the Chicago Bears and a member of Rising Sun Masonic lodge of Grayslake, was among those attending as guests.

Refreshments were served after the meeting by wives of Antioch Masonic members, including Mmes. John Gaa, chairman, William Anderson, Robert Wilton, Evan Kaye and Lew Van Patten.

Horan Attends Postmaster Meeting Held at Gurnee

James Horan, Antioch postmaster, attended a meeting held by the North-east Division of Illinois Postmasters in Gurnee Monday evening. Kelly Kimball, Gurnee postmaster, acted as the official host to the gathering, at which postal chiefs from Lake county and part of Cook county were present. The next meeting will be at Wheeling, on Monday evening, Dec. 4.

Special Levy For Township Roads Passes

**Tax for Improvements in
Resort Sections Adopted, 268-207**

By a narrow margin of 61 votes, the proposal to establish an annual tax levy of 30 cents on each \$100 real estate taxable valuation in Antioch township for the purpose of improving roads was passed in a special election here Monday.

The total vote cast was 475, with 268 in favor of the levy and 207 against it.

Precinct 2 Opposed

Votes by precincts were:
Precinct 2 (the eastern part of the township)—139 against the levy, and 51 in favor.

Precinct 1 (from main street in Antioch west to the Fox river)—175 for and 62 against.

Precinct 3 (the extreme western part of the township)—42 for and 6 against.

Funds raised by the levy are to be used in improving nine township roads. The roads include: Sylvan Beach, Tiffany, West Channel lake, Shady Nook, Wildwood, Beach Grove, Queen of the West, and Indian Point. They total about nine miles, and all connect highly developed resort areas with paved highways.

For Five Years

The levy is to cover a period of five years.

While funds for the improvements will not be immediately available, there is a possibility that some of the work will be done this fall or next spring. It will include draining, grading and oiling of the roads.

Pamphlets circulated by the Citizens' Committee for Better Roads last week in favor of the levy pointed out that improvements in the resort section of the township should prove of indirect value to permanent residents of the section as well as to visitors, by making it more accessible and more attractive to vacationists.

It was also pointed out that owners of property in the resort sections pay more than 60 percent of the taxes collected in the township. Of the total taxes, 60 percent goes to the maintenance of local schools from which summer visitors receive no benefit, since their children attend school elsewhere.

Most of the opposition to the levy came from precinct 1, which is devoted largely to farming.

Lions Club to Hear Road Talk at Jim's Place

**Duck Dinner and Movies
Also on Tap for Next
Monday Night**

County Highway Engineer R. M. Lobdell will be the speaker at a meeting of the Antioch Lions club Monday night at Jim Hanrahan's Place at Grass Lake. Motion pictures of interesting subjects released by the Ford Motor company and supplied through W. A. Rosing & Son, will also be shown. A duck dinner will precede the meeting at 7 o'clock.

The Lions club of late has been making a study of the highway situation in western Lake county as related to regional development, and Engineer Lobdell is expected to bring detailed information regarding the county's road system, including financing and maintenance and the state's present method of co-operation and the extending of aid to counties.

Stolen Lake Forest Car Is Found Abandoned Here

An automobile reported stolen from A. Naylor, 590 North Western avenue, Lake Forest, was found abandoned in Antioch by Edward Niesen on Sunday. Naylor said the car had been taken from the grounds near his home late Saturday.

Penny-Swiping Bandits Again Invade Gas Station

Sales tax pennies kept in a tumbler seem to be an irresistible lure for vandals who broke into the Haley garage and service station early Monday morning for the third time in recent weeks. As on the earlier dates, pennies were the principal loot.

Lip Service: Not Action

On several occasions recently President Roosevelt has publicly denounced the growth of "isms" in America. Particularly since the outbreak of war abroad he has declared that we must stop the growth of this foreign propaganda.

Yet there is still one group that has undertaken actively to checkmate these influences. It is the Dies Committee. And, despite the constant barrage of radical propaganda to discredit it, the committee has been sufficiently effective to bring both Mr. Browder of the Communists and Mr. Kuhn of the Bund under indictment. And the nation has applauded the work of the committee. That is, the applause has been general except from the White House. There Mr. Roosevelt, who has decried against "isms," pronounces the most important action of the Dies committee against Communists as "sordid."

Apparently the President is using two different yardsticks. He is against "isms" in general. But he isn't against them when they have bored their way into official positions in the Government. To expose this group of hundreds, as Mr. Dies did, becomes "sordid."

An Important Distinction

The recent indictment of the nominal head of the American Communist Party, Earl Browder, turns the spotlight upon the contrast between two ways of life and two habits of thought.

Browder has been indicted for travelling to Moscow on forged passports, an act which he frankly admitted

in sworn testimony before the Dies Committee a short time ago. Now he is about to stand trial, protected by all the Constitutional rights that guarantee any citizen of this country, no matter how heinous his crime, a fair hearing.

Picture a similar situation if it had occurred under one of the systems under which these protections do not exist, and towards which Browder, if he had his way, would willingly drive this country. The victim would not receive an open and fair hearing but a star chamber proceeding, and as soon as the admission was drawn from him that he had used forged passports, the firing squad would be trotted out to do its work.

Yet, in this country where the rights of the individual are so jealously guarded, the followers of the Communist chief are even now complaining that he is being persecuted merely because he is a Red.

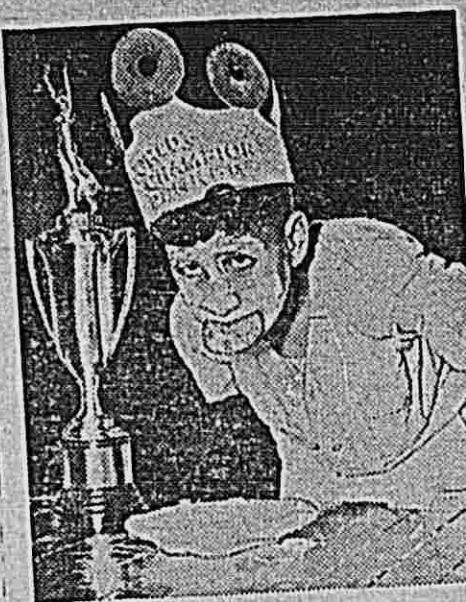

We trust—indeed, we know—that Browder will have his Constitutional right to a free trial. But it is important to make the distinction, so frequently and easily neglected by the enemies of this country as soon as they happen to step out of bounds, between the just protection of citizens and their "right" to violate the country's laws in the interest of undermining the very Constitution to which they so brazenly appeal.

A Democrat Views New Dealism

Many have been the attempts to describe the New Deal. But few descriptions have been as terse and illuminating as that given recently by a leader of the Democratic Party in the House, Representative Hampton P. Fuller of South Carolina. Mr. Fuller said:

"What we are doing today is nothing but taking a ride on a merry-go-round. If you do not believe this statement stop the merry-go-round and you will find that we will be getting off right where we got on. Why? Because you are just simply using the unemployed, whom you have to put to work, and the farmers, whom you are subsidizing, as a transfer faculty through which you are distributing money for the purpose of paying for what these people have to purchase."

Union Free High School
All faculty members of both the High school and Wilmot grade school were in Milwaukee from Thursday to Saturday for the State Teachers' convention.

A close race is on between the four classes to elect their favorite class officers for the annual annual carnival to be held Friday evening at the school. Tickets sold up to the hour of ten p. m. Friday will count in deciding who has won the coveted honor.

Each department of the school is sponsoring a show for the evening's entertainment and they all promise to be better than ever.

The last foot ball game of the season was played last Wednesday when Wilmot defeated East Troy 21-0. Wilmot had a record, under Coach Mannie Frey, of four conference games won, two lost and one non-conference game tied. This puts the school in third place in the Lower Fox conference.

Basket ball practice starts tonight and drill will be expended towards the opening game of the basketball season when Wilmot plays Watertown on November 17.

Obituary

Oliver Reynolds, 78, a pioneer resident of Randall—who came to the home farm, on which he died, at the age of three with his parents, Mr. and Mrs. Frank Reynolds from his birthplace at Greenwich, Washington county, New York state—died at 4:15 Monday morning following an extended illness. Mr. Reynolds fell several weeks ago and broke a hip. He had been a patient at the Burlington hospital but was at home when he suffered a stroke on Sunday evening, dying the next morning.

On Jan. 22, 1908 he was united in marriage with Miss Tillia Dorothy Riecht, of Chicago and Twin Lakes, who with three sons and four daughters, nine grandchildren and a sister, Miss Susan Reynolds, survives the deceased.

Funeral services will be held at the home in Randall at two o'clock this (Thursday) afternoon with the Rev. W. L. Hopkins of the Richmond Community church officiating. Interment will be in the Prairie cemetery.

PUTTING GOD'S KINGDOM FIRST

LESSON TEXT—Matthew 6:19-34.
GOLDEN TEXT—But seek ye first the kingdom of God, and his righteousness.—Matthew 6:33.

Said the Robin to the Sparrow:

"I should really like to know
Why these anxious human beings
Rush about and worry so."

Said the Sparrow to the Robin:

"Friend, I think that it must be
That they have no Heavenly Father
Such as cares for you and me."
—Elizabeth Cheney

Most men are rushing about madly. Worry presses them down. They wonder whether life is worthwhile, whether somewhere there is not relief from this nervous tension that is destroying mind and body. Well, there is relief and it consists of but one ingredient. Give God His proper place, the first place in your life, and "all these things" (Matt. 6:33) will take their rightful places. Seeking first the kingdom of God will settle every problem about money, about food and clothing, and about the future.

I. Money (vv. 19-24).

The word in our text is "treasures," and we know that it has a broader meaning than money, but since in our day men seem to translate all values into dollars, we feel free to use that word "money" to express our thoughts.

The treasure is something that one has placed somewhere in order to keep it for himself. It is not a thing gathered for the purpose of using it to serve others or to serve God, but something put away on the shelf to be kept for one's own enjoyment.

There are two places in which a man can lay up treasure, on earth or in heaven; but it is only as he hoards treasure on earth that he becomes selfish. That which he sends on to heaven by his devotion of life and in service to Christ, by his sacrificial giving to the cause of Christ, by his encouragement of those who are witnessing for Christ, all this is done for the glory of God and without hope of reward. How great will be the surprise of some when they come to heaven and find what they have thus laid up for eternity.

Laying up treasures on this earth, on the other hand, leads to covetousness, to enslavement to one's possessions (be they great or small), and to the evils that follow like a train in the wake of a love of money.

II. Food and Clothing (vv. 25-32).

Some who have no great desire to amass riches are nevertheless in constant anxiety about food and raiment for the morrow; in fact, it is true of some who have great riches that they live in fear lest next month or next year or ten years from now they may be in need.

What is the answer of the Lord Jesus? Consider the birds. They are not able to work nor are they able to pray, but God feeds them. Consider the glory of the flowers of the fields, for not even a king can dress himself in such beauty. "Are ye not much better than they?" (v. 26).

"As far as known, no bird ever tried to build more nests than its neighbors; no fox ever fretted because it had only one hole in which to hide; no squirrel ever died of anxiety lest he should not lay up enough nuts for two winters instead of one; and no dog ever lost any sleep over the fact that he did not have enough bones laid aside for his declining years" (Public Health Service).

Proper forethought is good and right for we are intelligent beings, but anxiety about our daily needs is always dishonoring to God.

III. The Future (vv. 33, 34).

Why will we fret ourselves about the future? It is in God's hands, and even if it were in our hands, what could we do about it? Even tomorrow, with its needs and its blessings, with its joy and its sorrows, is not yet here, and when it does come, there will be God's gracious provision for each passing hour.

Unsaved friend, will you not take the Lord Jesus Christ just now as your personal Saviour and let Him solve the problems of your life as you put the kingdom of God first? Christian friend, if you too have been bearing burdens which are not honoring to God, will you not tell Him just now, and put them down at the feet of the Lord Jesus? "Casting all your care upon him; for he careth for you" (1 Pet. 5:7), which might properly be translated, "Casting all your worries (or distractions) on Him, for He worrieth about you."

Be Still Then and Know

Only in the sacredness of inward silence does the soul truly meet the secret, hiding God. The strength of resolve, which afterwards shapes life and mixes itself with action, is the fruit of those sacred, solitary moments when we meet God alone.
—F. W. Robertson.

Many Valuable Elements

Found in Ocean Waters

The oceans of the earth contain, in addition to fish and sea weed, enough salt to provide 20,000,000 tons for each human being alive today. Moreover, they contain smaller amounts of other important chemicals, such as Epsom salts, gypsum, potash, and limestone. There are also barely detectable traces of still more valuable substances, including gold, silver, iodine, and bromine.

Until a few years ago, very little had been done to exploit this vast source of chemical wealth. The cost of evaporating 97 per cent of water was more than the products were worth.

However, during the past three years an American chemical company has been extracting bromine from sea water at the rate of 5,000 tons a year (worth several million dollars).

Bromine is a dark brown liquid of low boiling point, noted for its appalling odor and its corrosive action on metals and living tissues.

It is present in sea water as one of its compounds, sodium bromide—a colorless, soluble crystalline compound resembling ordinary salt.

Sea water is pumped into the plant at a rate of over 100,000 gallons a minute, where it is slightly acidified with sulphuric acid and then treated with a little chlorine. The chlorine reacts with the sodium chloride (ordinary salt) and bromine. Air is then bubbled through the water. Because of its extreme volatility, the bromine is carried away as a vapor with the air.

Canadian Police Dogs

Perform Clever Stunts

Commissioner S. T. Wood, of the Royal Canadian Mounted Police, revealed recently some of the results achieved through the use of trained dogs.

The police dog "Sultan," stationed at Headingley, Man., found a missing child after following a trail 36 hours old for 1 1/4 miles. The dog also found a concealed liquor still and was instrumental in identifying its operators.

Police dog "Dale" was put to work in western Canada on a case where an unidentified person had fired a bullet through a farmhouse. Although the trail was 50 hours old, he followed it for a quarter of a mile to the home of the offender.

Police dog "Black Lux," stationed at Moncton, N. B., was called upon to assist in locating a missing man. The track scent had been obliterated but the dog, by a process of eliminating areas, localized the search, with the result that the missing person's body was found in a river.

"The old type of policeman whose character and physique alone secured him employment, is fast disappearing," Brigadier Wood declared. "He should now possess qualifications commensurate with the particular phase of police duty he would be required to perform."

Copper for Black Hair

Black hair in animals appears to be due to the presence of copper in the skin which acts as a catalytic agent. The graying of hair of experimental animals has been correlated with lack of this metal in the diet, and in other experiments the pigmentation of hair was restored by including copper in the diet. Dr. F. J. Gortner, of Delft, Holland, reports that he tried a large number of other metals without obtaining the hair coloration. The Journal of the American Medical Association, in commenting on these experiments, reaches the opinion that copper may be related to the processes of pigment formation in animals. Whether there is any hope for eliminating the premature graying of hair on human heads must await more extended experimental work.

Pneumonia Serum

Available evidence on the use of sulphapyridine in the treatment of pneumonia does not justify substitution of this chemical for the older therapy of injecting typed serum, the Advisory Committee on Pneumonia Control of the city health department advised recently. "The evidence indicates that sulphapyridine has a beneficial effect in the treatment of pneumonia," the statement said. "The unpleasant gastrointestinal symptoms which it causes rarely endanger life. Serious toxic effects are rare and their effects may, in certain instances, be minimized by repeated examinations of the blood. The evidence does not justify substitution of sulphapyridine therapy for serum therapy."

Value of Elm Tree

In the forests of the nation the elms, which are threatened by extermination by the Dutch elm disease, are estimated to include sixteen billion board feet of merchantable timber. This resource of growing trees is capable of supplying industry with yearly supplies of fifty million to two hundred million board feet of forest products, and the value of this lumber in the log ranges from \$750,000 to \$3,000,000 a year. The value of America's elms for ornament, however, eclipses that of all forest trees. More than 250,000,000 shade and ornamental elms adorn the landscape of the United States, and their worth has been estimated at \$650,000,000.

SOCIETY NOTES

Ladies of Tenth District Auxiliary Entertained Here

One hundred and fifty delegates, alternates and members from various units in Lake county attended the Tenth District meeting held by the American Legion auxiliary Wednesday evening in the Antioch Methodist church.

Mrs. Lucille Dowd, Eighth district director and a past department rehabilitation chairman, was the speaker of the evening.

Mrs. Agnes Tennerman, Deerfield, presided at the gathering as Tenth District director.

The program of the evening included a report on the national convention, given by Mrs. Lydia Whyte of Waukegan. Vocal solos were presented by Mrs. Esther Friend Arnold of Waukegan, accompanied by Mrs. A. V. Budde, and a Waukegan trio sang. Refreshments were served afterward.

Mrs. W. W. Ward acted as general chairman of the local committees in charge of the gathering.

EASTERN TRIP IS DESCRIBED FOR CLUB

A trip through the east which Miss Shirley Hennings, daughter of Mr. and Mrs. C. E. Hennings, made about a month ago was interestingly described for the Antioch Business Women's club at a meeting held Monday evening.

The New York World's fair, Washington, D. C., and various historic places were some of the points at which Miss Hennings made stops.

She also visited the Unknown Soldier's grave in Arlington cemetery, and Mount Vernon.

A business meeting was held previous to the talk.

The gathering was held in the home of Mrs. Irving Elms, Orchard street. It closed with the serving of a luncheon by Mrs. Elms and an assisting committee.

HAZEL MUSCH BRIDE OF WENDELL BRITTON

Friends of Miss Hazel Musch, daughter of Mr. and Mrs. William Musch of Antioch, and Wendell Britton were being informed this week of their marriage at a quiet ceremony last Thursday afternoon at Crown Point, Ind. For the ceremony, the bride wore a frock of medium blue, with accessories in black.

Mr. Britton, who is the son of the late Mr. and Mrs. Joseph Britton of Pikeville, is employed by the Jefferson Ice company. Mrs. Britton has been employed at the telephone exchange here, and plans to continue in her work.

For the time being they will make their home with the bride's parents.

"Adam and Fallen Man" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, November 5.

The Golden Text was, "Awake thou that sleepest, and arise from the dead, and Christ shall give thee light" (Ephesians 5:14).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "The night is far spent, the day is at hand: let us therefore cast off the works of darkness, and let us put on the armour of light" (Romans 13:12).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The human mind will sometime rise above all material and physical sense, exchanging it for spiritual perception, and exalting human concepts for the divine consciousness. Then man will recognize his God-given dominion and being" (p. 531).

Workers in Steel Mills

Speak Own 'Language'

"The keeper says to turn the water off at the jumbo and open up that bleeder," suggests the kind of order that might be heard around the elephant run of a zoo, but actually it is the language of a steel mill.

Translated into everyday English by the American Iron and Steel institute, the order means "The man in charge of this blast furnace says to shut off the cooling system at the spout through which the molten slag runs, and open up that valve to relieve the pressure within the furnace."

The colorful lingo of steel workers assigns special meanings to many common words, producing phrases unintelligible to most visitors to steel mills. Many of the devices and products of the industry are named after animals.

"Pig" iron, so called because at one time iron was cast into individual blocks by running the molten metal from the blast furnace into large trenches from which extended, like a litter of suckling pigs, dozens of smaller trenches, has become a generally used term for blast furnace iron. A "sow" is the main trench from the furnace, while "motherless pigs" are blocks of iron cast into individual molds.

"Bears" are sometimes "horses" in the steel industry, both terms being applied to the infusible mass of cinder which forms on the blast furnace hearth. The "bug" or "fly" is the small ball of steel which usually forms on the nozzle of a ladle, interfering with the pouring of a stream of molten steel.

"Goose eggs," sometimes called "snow flakes," are small silvery spots visible when bars of alloy steel are broken. They indicate internal strains and tears. A "cat's eye" is a bubble of gas in molten crucible steel.

"Monkeys," both long-tailed and short-tailed, "snakes" and "rat rails" are other queer names for various devices used in steelmaking.

Tree Plantings Provide

Low-Cost Windbreaks

The entire cost to the federal government field windbreaks in the Prairie States Forestry project is being kept to about 54 cents a tree or shrub, the forest service reports. More than 42,000,000 trees in 4,500 miles of windbreaks have been planted at an average of a tree a minute in the planting season. This cost includes investments in and depreciation of equipment, seed collection, rodent control, and planting and care of about 70,000,000 seedlings and transplants now growing in nursery beds.

The government supplies the trees, labor, and supervision, and farmers invest an equal amount by furnishing the land, fencing material, and labor in preparing the land and cultivating the young trees during the first few years of growth.

Cost of the prairie tree planting work is carried by WPA funds and all labor is furnished from WPA relief rolls. Technical and administrative supervision is by the forest service.

The trees protect crops and soils for 20 times their height and modify the wind to some extent for a distance of 50 times the height of the trees.

The 1939 plantings brought the total since 1935 to more than 127,000,000 trees in over 11,000 miles of field windbreaks on 20,000 farms in eastern counties of the Dakotas, central and western Nebraska, central Kansas and Oklahoma and the Texas panhandle.

Millburn Supper Really Shows Profit; \$523.55 Receipts; \$7.71 Expenses

Receipts of \$523.55, with expenses of only \$7.71—this was the amazing record marked up by the women of the Millburn Ladies' Aid society in connection with their annual chicken supper and bazaar Friday evening.

The Millburn suppers are legendary for their success, but this year's affair was outstanding.

Six hundred and fifty persons were served, a check-up by the general committee, of which Mrs. Emmet King was chairman, showed.

A profit of \$324.85 was revealed from the supper alone.

The bazaar, held in the Masonic temple, was also well patronized. Only a few articles of fancywork remained unsold.

Receipts from fancy-work were \$136.95; baked goods, \$28.90; candy, \$19.50; grab bag, \$9.50; donations and food sold, \$3.85.

P. T. A. to Hear Talk by Educator Monday Night

Viggo Bobberg, of the department of adult and parent education in the College of Education in Evanston, will be the speaker at a meeting of the Antioch Parent Teacher association. The gathering will be held in the Grade school, at 8 o'clock Monday evening.

The P. T. A. plans to serve refreshments and hold a social time after each meeting. Three mothers from the rooms in charge of the meetings in the respective months will act as the luncheon committee.

R. E. Clabaugh, who has charge of the eighth grade; Mrs. C. N. Lux, first grade teacher; Mrs. Frank Roblin, "room mother" for the eighth grade, and Mrs. Louis Horton, "room mother" for the first grade, will be the committee for the November card party of the P. T. A.

It is planned to have the "room mothers" and teachers of two grades act as the card party committee each month.

A meeting of the association's executive board was held in the third grade room Wednesday afternoon. Mrs. Ruth Smith, P. T. A. secretary; Mrs. Joseph Patrovsky, president, and the chairmen of the various committees compose the board.

Dr. Warriner Resumes Practice After Injury

Dr. W. W. Warriner, Antioch physician and dean of medical men in western Lake county, has resumed his practice after a five-months' enforced lay-off due to injuries he received in an auto crash. This is the second time that he has survived a serious accident. Seven years ago he took four months "time out" following a runaway accident in which he was critically injured. Dr. Warriner appeared hearty and fit today as he announced to friends that he was ready to go to work.

Death Ends Long Illness for Fred Richards, Salem

Fred Richards passed away at his home in Salem Sunday afternoon after a long illness. He spent his entire life here and was well liked by all who knew him. He was an active member of the American Legion and served over seas in the World War. He leaves to mourn his loss his wife and two children, Donald and Kathleen; also two brothers and four sisters: Charles Richards, Silver Lake; Norman Richards, Kenosha; Mrs. Charles Schultz, Wilmett; Mrs. Bertha Mooney, Brighton; Mrs. Ida Schotten and Mrs. Anna Flueker, Salem.

Cedar Lake P. T. A. Hears Ventriloquist

Members of the Cedar Lake Parent-Teacher association were treated to a splendid entertainment program at the November meeting held Monday night at the school. A large crowd attended.

Eddie Waibel, ventriloquist from Chicago, entertained, and there were two solos by Mrs. Frank Valenta, accompanied by Mrs. Timmerman, and Colleen Ireland favored the group with selections on the piano-accompaniment. Guests included Frank Marshall, manufacturer of ventriloquist dummies, of Chicago, Mrs. C. Madsen of Lake Villa and Mrs. E. Jennrich of Antioch. Refreshments were served at the close of the program.

Japanese Synthetic Gas
Synthetic gasoline in Japan costs three times the market price of imported gasoline, says Industrial and Engineering Chemistry. The Japanese government subsidizes the synthetic product, the supply of which thus far does not exceed 10,000 gallons a month. Production is slated to be increased by 2,900 per cent within the next three years.

Desserts That Are Different

Build up your menu to an interesting climax with a new and delicious dessert!

Desserts really play an important part in the menu, and in nutrition, too.

Sweets, provided in proper amounts and in the proper place in the diet, are just as necessary to good nutrition as milk, meat, fruits, vegetables and cereals.

Plan the dessert to fit the menu—a light sweet for the close of a hearty dinner, and a richer, heavier dessert to wind up the meal that is fairly simple. Consider the weather, too, and when it's hot and humid, serve sweets that are temptingly dainty. When the temperature drops and appetites perk up accordingly, desserts may be sweeter, richer and more substantial.

You'll find in this collection of tested recipes from my own kitchen a dessert for almost any occasion.

Queen of Puddings.

2 cups milk
1 cup soft bread crumbs
1 tablespoon butter (melted)
2 egg yolks (well beaten)
3 tablespoons sugar
1 teaspoon vanilla extract
Dash salt
Currant jelly
2 egg whites
¼ cup granulated sugar

Scald milk and pour over the soft bread crumbs. Add melted butter, and allow the mixture to stand 10 minutes. Then beat egg yolks and add to the mixture, together with 3 tablespoons sugar, the vanilla extract and the salt. Pour this mixture into a buttered baking dish, place in a pan of hot water, and bake in a slow oven (275 degrees Fahrenheit) for 45-50 minutes or until custard is firm.

Cool and spread with a layer of currant jelly or strawberry jam. Cover with meringue made by beating egg whites and adding sugar slowly. Brown meringue in a slow oven (300 degrees Fahrenheit) for 18 minutes. Serve hot, warm or cold.

Lemon Meringue Pie.

1 cup sugar
¼ cup cornstarch
¼ teaspoon salt
¾ cup cold water
¾ cup boiling water
3 egg yolks
1 tablespoon butter
¼ cup lemon juice
1 teaspoon grated lemon rind

Combine sugar, cornstarch and salt. Add cold water; stir until smooth. Add boiling water and cook, stirring constantly, until mixture is clear and thick. Cook 3 minutes longer. Beat egg yolks; stir cooked mixture into them. Add remaining ingredients, return to flame and cook 1 minute. Pour immediately into baked pie shell. Top with meringue.

Meringue.

3 egg whites
6 tablespoons sugar
¼ teaspoon salt

Beat egg whites partially; then add sugar slowly, beating until mixture is stiff. Bake in slow oven (300 degrees) for 18 minutes.

Maple Cake.

½ cup shortening
1½ cups brown sugar
3 eggs (separated)
2 teaspoons maple flavoring
2 cups cake flour
3 teaspoons baking powder
¼ teaspoon salt
¾ cup milk

Cream shortening thoroughly, add sugar in small amounts, creaming after each addition. Add egg yolks, one at a time, continuing to beat well. Blend in the flavoring. Sift dry ingredients together, and add to

the creamed mixture alternately with the milk. Beat egg whites until stiff but not dry. Fold gently into the batter. Pour into two well-greased cake pans, 9 inches in diameter and 2 inches deep. Bake in a moderate oven (350 degrees) for about 40 minutes. Note: This cake is especially good with a fig filling and maple-flavored frosting.

Steamed Chocolate Pudding.

(Serves 5)
1½ cups pastry flour
¼ teaspoon salt
1½ teaspoons baking powder
1½ squares bitter chocolate
3 tablespoons butter
½ cup sugar
1 egg
½ cup milk
½ teaspoon vanilla extract
Vanilla or peppermint candy ice cream

Sift flour, salt and baking powder. Melt chocolate and butter in top of double boiler and pour in bowl. Cool slightly; then add sugar, unbeaten egg, milk and vanilla extract. Beat well. Add sifted dry ingredients and stir until smooth. Pour into top of a well-greased double boiler and steam for 1½ hours. Serve with ice cream.

Graham Cracker Ice Cream.

1 cup graham cracker crumbs
¾ cup sugar
2 cups coffee cream
1 cup milk
1 teaspoon vanilla extract

Combine the cracker crumbs and the sugar; add cream, milk, and vanilla. Pour the mixture into the freezing container of a modern ice cream freezer; assemble the freezer, and cover. Pack with a mixture of 3 parts of crushed ice to 1 part of rock salt. Turn the crank slowly and steadily, for about 5 minutes, or until turning becomes difficult. Then carefully remove the cover, lift out the dasher, and pack down the ice cream with a spoon. Replace the cover, draw off the water, and replenish with ice and salt. Cover, and allow to harden for at least an hour before serving.

Good Old Pan Dowdy.

1 cup light molasses
¼ teaspoon allspice
¼ teaspoon clove
½ teaspoon nutmeg
2 teaspoons cinnamon
Apples
½ cup sugar
2 tablespoons butter
Rich pastry

Combine molasses and spices. Arrange pared and sliced apples in a baking dish, sprinkle with sugar, and dot with butter. Pour molasses mixture over this, and cover with a rich pastry, rolled rather thick. Bake in a moderate oven (350 degrees) for about 45 minutes. Then cut the baked pastry top in 2-inch squares and push them down in the molasses and apple mixture. Let cool slightly. Serve with thick cream.

Blonde Erika of the Folles Bergere at the San Francisco fair is a native of the Austrian Tyrol. Having milked a cow before, she took 3 pounds, 15 ounces of milk from Mary, blooded Jersey, to win first prize in the exposition's milking contest.

Double Trouble—

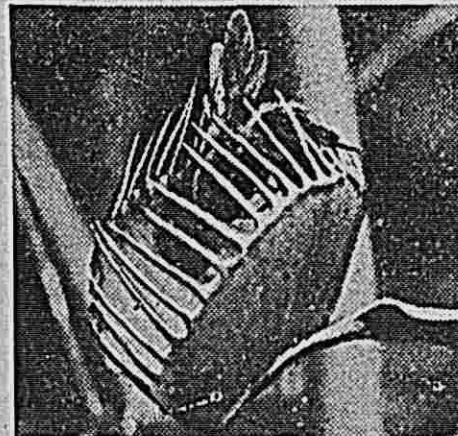

Jack Young, Chicago private investigator, sued a national magazine for \$250,000, saying the publication called him a "cuckoo" because he allegedly made capital of his resemblance to President Franklin D. Roosevelt.

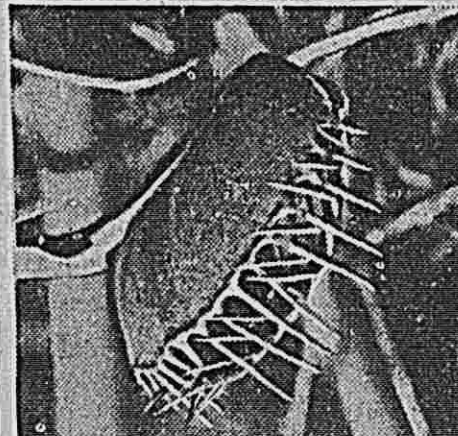

Meat-Eater

A vicious plant is this meat-eating Venus fly-trap, found only in North Carolina bogs. Here an innocent bee unknowingly approaches his doom. Six tiny hairs inside the doubled leaf act as triggers when disturbed, causing the leaves to come together, thus trapping its prey.

Here is poor Bernard Bee after lighting inside the fly-trap and disturbing its "triggers." The leaves fold swiftly together, imprisoning the victim with stiff bristles.

This action causes digestive juices to flow, and the hapless bee will be nothing more than a skeleton in a few hours. He will have been devoured by the plant. An enigma, the Venus fly trap shows the transition between plant and animal life. Gardeners have had very little success growing the plant in other environments.

Glass Cameo Cutting Art Practiced in Early Ages

Glass cameo cutting was an art practiced by the Romans who often interred the cremated remains of their dead in sculptured glass vessels, writes Edward W. Minns in American Collector. The most famous example extant is the Portland-Barbarini vase which was discovered by the modern world during the Seventeenth century in a marble sarcophagus near Rome. Thence it progressed to the Barbarini palace; was later bought by Sir William Hamilton; and finally, as the property of the duke of Portland, was loaned in 1810 to the British museum, where it may be seen today.

In fact, for the best examples of latter day glass cameo cuttings, we must turn to English craftsmanship; to such men as John Northwood, who was commissioned by his employer, Philip Pargeter, proprietor of the Red House Glass works, Stourbridge, to execute a sculptured copy of the Portland vase. This was in 1877. After many failures, Mr. Northwood succeeded but, due to overheating, the vase was cracked during the final polishing. It was never offered for sale and is today in the possession of Philip Pargeter, also residing in Stourbridge.

Later, John Locke, another local craftsman, tried to reproduce the vase in cameo glass. His efforts met with better fortune and when completed his vase was sold to a London dealer. It was exhibited at the Paris exhibition of 1878 and later acquired by an American collector. Of these two sole attempts to copy the Portland vase in English cameo glass, it is claimed the Northwood endeavor was by far the superior.

Game Population Changes After Big Forest Fires

Forest fires can kill men and animals long after the last red embers have died out and new green growth has begun to hide the wide black scars. How this delayed death can come to burned-over timber country is told by Hoyer Lloyd, superintendent of wild life protection in the Canadian national parks.

In past years, great forest fires devastated large areas in northern Ontario. When new growth came in, it was not the same kind of trees that had been burned, but a vegetation type representing an earlier stage in ecological succession. This is usual after forest fires. The new vegetation, in its turn, supported an entirely different array of animal life; it was the home of deer instead of the caribou that had dominated the animal community of the burned forest. Some have said that the caribou migrated, but Mr. Lloyd believes that the animals that survived the fire simply failed to reproduce, and that the caribou just weren't anywhere any more.

On the caribou a population of Indians, estimated at 10,000, once depended for their principal food supply. These Indians were fairly prosperous, and it was profitable for the whites to operate trading posts among them. After the caribou vanished, however, starvation among the Indians became the rule rather than the exception. Their population dropped to a tenth of the original number and their prosperity vanished. The trading posts had to be closed. The story is the same in other regions, Mr. Lloyd says. Where "big woods" are burned, "little woods" take their place, and their game population is quite different.

Luxurious Freight Ship

When the largest freight ship in the world docked at London recently with 105,000 barrels of whale oil the crew members became the envy of all seafarers who heard about

their luxurious quarters. The 425 men are housed under better conditions than crews on the best liners. There are 10 beds to a room; and each bed has a spring mattress. Working conditions on the Terje Viken are equally pleasant for those who do not dislike the pungent smell of whale oil. Oil from the sperm whale has such remarkable cosmetic qualities that the wind and salt-bitten seamen who handle it have ivory-white hands. Captain Borkgre-vink, the skipper, says his nine harpoonists earn more than \$5,000 a year each.

Elizabeth Browning's Sonnet
Elizabeth Barrett Browning's best work, "Sonnet From the Portuguese," written after Browning had won her affection, is a series of love lyrics, strong, tender, unaffected, true, from the depth of a woman's heart. Sympathetic readers, who know the story of her early life and love, are every year realizing that there is nothing else in English literature that could exactly fill their place. Browning called them "the finest sonnets written in any language since Shakespeare's."

Preserve School
In 1927 the schoolhouse immortalized in the poem "Mary Had a Little Lamb," was moved from Redstone Hill in Sterling, Mass., to Henry Ford's Wayside Inn estate at South Sudbury, Mass. The schoolhouse is in use with 16 pupils of the first four grades in attendance during the school year. The pupils who attend this little one-room school are residents of the town of Sudbury.

WEEKLY NEWS ANALYSIS BY JOSEPH W. LaBINE

Soviet-U. S. Relations Strained By Molotov's Attack on FDR; Italy Protects Her Neutrality

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
Released by Western Newspaper Union.

EUROPE:

Double Feature

All Hallow's eve found every European ear cocked to Moscow, awaiting history-making utterances from Premier Viacheslav Molotov. Adolf Hitler had 1,500,000 men poised at the front; so did the allies. But war hung in abeyance. For as Russia swung so would the war, because every other European state had declared its status, neutral with leanings either toward Germany (like Italy and Hungary) or toward the allies.

Stolen Thunder

A few short hours before Molotov's speech, Il Duce Benito Mussolini pulled a coup that must have stunned his erstwhile colleague in Germany. Ousted was Propaganda Minister Dino Alfieri, close friend of Nazidom's Propagandist Paul Joseph Goebbels. Ousted were Fascist Secretary Achille Starace, close friend of Deputy Fuehrer Rudolf Hess and the man who gave a signal for the Italian chamber's demonstration against

Germany. He said Nazi-Russian friendship was getting thicker. Next day it was revealed trade discussions were going forward successfully. One report from Stockholm said Russian submarines would be given the Nazis in exchange for German merchant ships, providing a subtle way of staying "neutral."

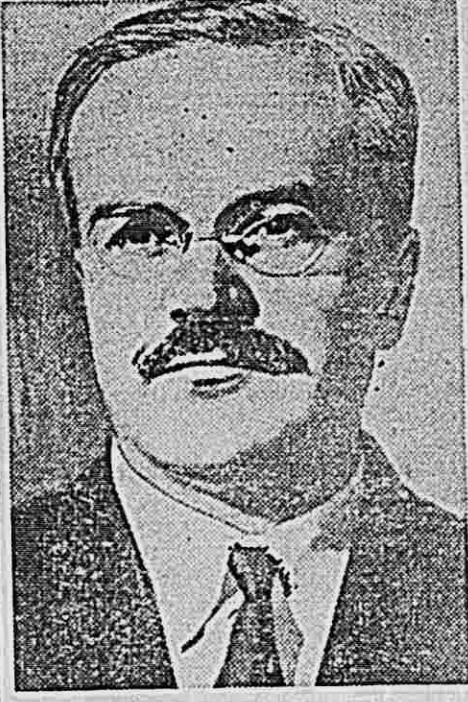

Poland. He said there can be no question of restoring Poland and that it was absurd to continue the war for that cause. Two days earlier, Britain's Prime Minister Chamberlain had acknowledged Russia's right of invasion to "protect" her Polish blood brothers from Germany.

Balkans. He gave no hint of expansion there, but shook a nasty finger at Turkey for signing mutual assistance pacts with the allies after shunning a treaty with the Soviet.

United States. He precipitated a heated argument which observers thought might end with severance of Soviet-U. S. diplomatic relations. Commenting on President Roosevelt's earlier note expressing hope for continued amicable Finnish-Rus-

France last winter; Gen. Alberto Pariani, friend of Hitler's Col. Gen. Walther von Brauchitsch and author of the Italian "blitzkrieg" plan for a German-Italian-Spanish drive against France; Gen. Giuseppe Valle, friend of Field Marshal Hermann Goering. Replacing them were middle-of-the-roads like Marshal Rodolfo Graziani, chief of staff. Retained were other favorites like Foreign Minister Count Galeazzo Ciano (Mussolini's son-in-law) and Count Dino Grandi, minister of justice.

In Paris there was a feeling the Rome-Berlin axis had broken down completely. London was also happy, for a few hours earlier Italy's Ambassador Giuseppe Bastianini had made a strong anti-Communist speech. In the Balkans it was thought Mussolini disapproved Russia's expansionist policy, especially since Il Duce did not even wait until Molotov spoke. But in Italy it was a simple indication that Mussolini had his ear to the ground; Italians wanted no pact with the allies, they merely wanted strict neutrality.

Ominous Talk

First allied reaction to Premier Molotov's speech was relief over his failure to declare a military alliance with the Reich, even though he did charge Britain and France

sian relations, Molotov said: "One finds it hard to reconcile that with the American policy of neutrality... One might think that matters are in better shape between the United States and... the Philippines... than between the Soviet Union and Finland, which has long ago obtained both freedom and political independence..."

Next day, while Massachusetts' Rep. John McCormack demanded from the house floor that Ambassador Laurence Steinhardt be recalled from Moscow, the President dug from his files an exchange of notes with Soviet President Michael Kalinin last April, when Kalinin cabled an unsolicited "expression of profound sympathy" with the President's efforts to safeguard peace. This cable had come one day after Mr. Roosevelt sent peace pleas to Dictators Hitler and Mussolini. Thus the U. S. put Kalinin on record as supporting the President's peace efforts in contrast to Molotov's declaration. Suggested White House Secretary Steve Early: "It would seem that he (Molotov) had the embargo in mind rather than what he termed the President's moral support of Finland."

(Unspolitized, the neutrality bill wormed its way through the house which voted 237 to 177 for sending it to conference with the senate, conferees to have definite instructions. One instruction: To repeal the arms embargo, by a vote of 243 to 181. Thus congress expected to get out of town immediately. Britain hailed the repeal; Nazidom was enraged. One suddenly discovered danger of cash-and-carry is that the allies will indeed buy more arms but will cut out other imports from the U. S. One Britisher thought imports of U. S. industrial products and foodstuffs may fall off \$150,000,000 a year.)

Western Front

Abandoning purely defensive positions. German "shock troops" stormed the French frontier at scattered points as murky weather gave way to sunshine. Fears grew that Belgium and the Netherlands might be invaded. The Dutch proclaimed a state of siege in eight provinces, flooding frontier positions to check any Nazi advance.

At Sea

While the embattled U. S. S. City of Flint steamed carefully down the Norwegian coast to Germany under a Nazi prize crew, the U. S. asked both the Reich and Britain to protect her interned American crew. Washington also reported 27 U. S. ships have been detained by belligerents since the war began. The war at sea came too close to American shores when the British freighter *Coulmore* was reportedly torpedoed 450 miles off New England. Nazi planes and U-boats continued successful raiding of allied shipping, but Britain retaliated by naming Lord Nuffield (her "Henry Ford") to a key post in the air ministry. His instructions: To intensify the navy's North sea blockade against Germany.

NEWS QUIZ

Know your news? One hundred points if you can answer all these. Deduct 20 for each complete question you miss. You can't boast about a score of 40 or under.

1. Aviation News: (a) Who are Clyde Schlieper and Wes Carroll, shown above, and why are they so tired?; (b) What was the intended destination of a nonstop flight that left New York, and did it succeed?
2. What happened to Mrs. Homer Stout, Oklahoma farm wife who tried the "freezing" treatment for cancer?
3. True or false: The Mexican revolutionary party has asked for return of oil lands expropriated from American-owned companies.
4. Choice: Sen. James Mead of New York introduced a bill proposing that \$139,000,000 be set aside by the treasury for small loans to: (a) business firms; (b) distraught farmers; (c) municipally owned power plants; (d) "little theater" groups.
5. True or false: No food rationing will be needed in Britain during the winter.

(Answers at bottom of column.)

POLITICS:

Candidate-of-the-Week

Rooseveltian third-term talk, which took a back seat in early days of the war crisis, loomed again in San Francisco when Secretary of Agriculture Henry Wallace boomed the President for re-election. Next day Secretary Steve Early made it clear that Franklin Roosevelt wanted no boom, and Iowa's Sen. Guy Gillette left a White House conference where the President had reportedly asked that Iowa's delegation to next year's convention go unpledged. The deduction: That Mr. Roosevelt will not seek re-election, and certainly wants the matter hushed for the present.

But Henry Wallace had started the political pot boiling again. Into the Republican picture jumped Oregon's Sen. Charles McNary, who tentatively consented to run. Into the Democratic picture jumped a brand new name, Montana's Sen. Burton K. Wheeler, who tried to win the vice presidency with the elder La Follette in 1924.

next month in Salt Lake City, C. I. O.'s John Lewis gave, among other reasons: "The slight to Senator Wheeler and other great liberals of the west, who have not been consulted..."

Lewis apparently considered the meeting (some of whose participants may be violating the Hatch "no politics" act) as a third-term boom. Certainly it was made clear that Senator Wheeler should be consulted in any future "liberal" discussions, realizing that Lewis support may be a kiss of death to any political aspirations the senator may entertain, nevertheless admitted he has A. F. of L. backing, a big railroad following and plenty of friends in the senate.

College Park, Md.—With her skirts fitted tightly about her ankles, to keep them from fluttering in the breeze, Mrs. Van Denman, wife of Capt. Ralph C. Van Denman, Twenty-first infantry, United States army, occupied the passenger's seat beside Wilbur Wright when he ascended in the government aeroplane here. For four minutes she experienced the sensation of soaring in the air, sometimes at high as 60 feet above the ground. This was the first time a woman had made an ascension in a heavier-than-air machine in the United States. "Oh!" exclaimed Mrs. Van Denman, when she returned to the ground, "Now I know what makes the birds sing!"

Jack Panowski Honored at DeKalb Teachers College

Jack Panowski, a junior in Northern Illinois State Teachers college at DeKalb, has been elected class treasurer, according to "The Northern Illinois," the official student publication at the school. Says the Illinois: "The Junior class elected five distinguished members to hold offices for the year 1939-1940. . . . Jack (where's the dough) Panowski comes to us from Antioch, Illinois. His major and minor are chemistry and mathematics. He is affiliated with many organizations, being a member of the Melodie Klub, Alpha Phi Omega, Sigma Zeta, and German Club."

We've got J. B. Rotnour acting kinda discreet, since last week. He writes the boss:

"You ornery hound—Enclosed find a reader for this week's issue, and you will note that I have not added any 'notes' for you to pick up. . . . Laying all jokes aside, I handed me the best belly laugh I have had in months. . . ."

We're always glad to hear that folks read our column. It's really theirs more than ours. Everybody else does all the work.

Note to S. Boyer Nelson—Hey, Snowd—tell folks to hurry up faster when they go out the door. The weather's getting chilly, and we ain't bought no red flannels yet.

Pretty soon it will be time to put up those Christmas decorations again. And then it will be time to take them down. Ho, hum. Life is just one little thing after another.

Got into a little card party the other evening. One of those friendly affairs where everyone fights tooth and nail for the prizes. The back-biting was unusually good. In fact, it made us wish Claire Booth (she's the one that wrote "The Women"—we hope) would write another play. A pretty good time was had by all.

But we still think this "contract" hasn't anything on "double solitaire"—the kind you play with about five players, and come out with scars up to the elbow from trying to sneak your deuce onto someone else's ace—first.

Relief to Cost \$61,977

Aid for the 1,319 families on Lake county's relief lists will cost \$61,977 during the month of November, according to IERC estimates.

Pay 1940 Legion dues before Armistice Day, Nov. 11, and get the lapel insignia, showing you as one of the first half-million Early Birds for this year. Pay up after Nov. 11 and you don't get the lil ribbon. Obey that impulse! Pay up now!

For Sale — at a Bargain

Two monthly magazines, an adequate national defense program, \$100 burial benefit, a flag, a headstone, unlimited hospital service, plus priceless comradeship and a chance to serve your community, state and nation—all this for as little as \$3 a year to a select group, the honorably discharged World War veterans. See your post adjutant right now!

Fox Lake Dentist Is Victim of Hold-up

Dr. George Krueger, dentist of Woodster road near Fox Lake, is convalescing at Victory Memorial hospital from injuries suffered when he was struck on the head with some blunt weapon by a hold-up man who robbed him of \$70 Saturday evening.

Dr. Krueger, who is well known throughout the lakes area, was stepping from his automobile in front of his home at 11 p. m., when a man sprang from behind some bushes and ordered him to "Be still," adding, "This is a stick-up."

Before Dr. Krueger could move, the bandit had struck him on his head, ransacked his pockets, and fled hastily. He obtained about \$70 in currency, but passed over \$20 in a side pocket.

Dr. Krueger was found lying on the ground a moment later by his wife, who had opened the door of their home and heard someone moaning. She managed to get her husband into the automobile and drove to the home of a physician.

Mrs. Krueger told deputy sheriffs that as she rushed to her husband's side she thought she saw a man in a dark overcoat run behind their home.

COUNTY SEAT NEWS

Nov. 4—Immediate steps to fence in part of the grounds of the St. Charles School for Boys was ordered by state officials today at the insistence of the Gunning legislative commission, word from Springfield revealed today.

Nov. 6—Fred W. Good, director of commodity distribution for Lake county for the Illinois Emergency Relief commission, will attend a conference on the statewide school lunch program in LaSalle on Thursday.

Waukegan, Ill., Nov. 6—Two young soldiers and their blonde companion were held to the grand jury this morning by Magistrate Clarence L. Brown on charges of slugging Ben Johnson, 38, caretaker at the Lake Forest academy, and robbing him of \$50 after luring him to a downtown hotel Saturday evening.

Nov. 6—A convention will be held by the Lake County Federation of Young Republicans Sunday, Nov. 19, at the Hotel Karcher. Richard J. Lyons of Libertyville, Republican candidate for governor, will be the speaker.

Nov. 6—Thirty witnesses journeyed to Chicago this morning to resume the hearing before the Illinois Liquor Control commission involving revocation of liquor licenses of two Waukegan taverns. The group responded to subpoenas ordered by attorneys for Joseph Kessie and Mrs. Mary Wheeler, whose liquor licenses were revoked by Mayor Talcott on charges of selling drinks to minors.

Nov. 6—M. L. Annenberg's horse-racing information services appealed to the courts today to preserve their lifelines—the telephone and telegraph wires. Nationwide News Service of Delaware, Inc., and Nationwide News Service of Illinois, Inc., filed a pair of injunction suits in federal court, asking that the Illinois Bell Telephone and Telegraph company be restrained from cancelling more than \$1,000,000 worth of insurance.

Nov. 4—An enrollment of 4,700 members in the Waukegan-North Chicago and North Lake County chapter of the American Red Cross is being son, chairman of the annual roll call, son, chairman of the annual roll call. Assistance to stricken populations of Europe's warring nations and a need for strengthening its domestic operations were given as the reasons for the Red Cross' greatest membership campaign since the World War.

Nov. 3—Speaking at the ninety-third annual parish banquet of Christ Episcopal church, Bishop George Craig Stewart, head of the Chicago diocese, called for closer unity between church people as opposed to foreign ideologies which deny any religion whatever.

Nov. 3—Bids on construction of a \$100,000 medical building at the Great Lakes Naval Training station will be called for in December.

Nov. 3—Four policemen and two firemen may be lopped off the Waukegan municipal payroll. Waivers of a semi-monthly pay check may be asked of all city employees on a monthly salary basis and all executive and appointive officials. These efforts are part of the curtailment campaign at the city hall to erase the anticipated deficit of \$30,000 for the current fiscal year.

Nov. 2—With 32 new suits filed yesterday in circuit court involving \$32,246.82 in sales taxes allegedly paid by taverns in Lake county, the state department of finance now has on file here 136 suits against retailers since the first of the year in \$202,483.32 in sales tax liability.

Nov. 2—Although the city treasury was replenished today with \$19,250 in semi-annual liquor license fees, payless paydays loomed strong as a Christmas present for Waukegan policemen. Waukegan firemen will probably get their payless payday present around Valentine's Day in February on the current status of municipal financial affairs.

AMUSEMENTS

Bette Davis as the great but tempestuous Elizabeth of England stars in "The Private Lives of Elizabeth and Essex," a technicolor production coming to the Kenosha theatre Sunday for a six-day engagement. Errol Flynn is seen as Essex. Fresh from her triumph in "The Old Maid," "Dark Victory," "Jezebel," and "Juarez," Miss Davis is said to earn even greater honors in her latest hit.

Rotnour Players to Give "Trail of Lonesome Pine"

Especially arranged by J. B. Rotnour for his circuit, "The Trail of the Lonesome Pine," which has at least twice been presented in motion picture form, will be given for the first time by flesh and blood players next Thursday evening on the stage of the Crystal Theatre.

The play centers in the Blue Ridge mountains of Virginia, and the entire action takes place in the foot hills. Special stage settings are being arranged for the production.

This evening, the entire troupe is appearing in the comedy, "When the Cat's Away."

Free Merchant tickets to the Rotnour plays may be obtained from firms listed elsewhere in this issue.

Former Antioch Woman Dies in Beloit Hospital

The Rev. August James of Chicago officiated Saturday morning at 10:30 o'clock at funeral services for Mrs. Maria Traynor, Beloit, a former Antioch resident. The services were held at Rosman's Uehling, Kinzer chapel.

Mrs. Traynor's death occurred last Tuesday afternoon at 3:15 o'clock in the Beloit Municipal hospital. She had been ill for a week.

Surviving are four children, Dorothy and Fred Brockhus, Mrs. William Markley and Mrs. Louis Heinz, and eight grandchildren. A brother, James Little of Milwaukee, also survives. Mrs. Traynor moved to Beloit in 1919.
